#### Hillside Jatz Claudius G7

Claud is a very well-balanced bull sired by Vix Jatz from the Australian herd of Vic Edwards. Claud has exceptional feet and leg structure, lots of capacity, hormone balance, superb carcass traits and lots of beef production. He has a mature weight around 2100 lbs, was used to breed cows and heifers with no calving issues. If you are looking to add size and muscle to your grass genetics Claud is the perfect match.

# Abiding Acres Sampson E8

Sampson is a small-framed bull out of the legendary Noyl Boy M78 and his dam was our pick of the Lenoir Creek herd, the oldest Devon herd in the country. Traditional old American Red Devon genetics; excellent temperament, compact frame with lots of width and capacity, calving ease, great carcass quality. Sampson won 1st place Junior bull at the 2018 Red Devon National show.

### Abiding Acres Lyon L13

Lyon is the newest addition to our AI sire lineup but comes from some old proven genetics. His sire is Noyl Boy M78, a very masculine bull from the 1980's who left his mark in many prominent Devon pedigrees of the time. Lyon's dam is moderate framed cow who produced until she was 16 (pictured above at 14), she is from a unique line of Devons developed in the western US. Lyon is an early maturing bull from unique genetics that are moderate to large frame and easy fleshing.
